**We Desire to Call Your Attention To**

For Lubricating the Valves and Cylinders of Steam Engines.

VALVOLINE is an earth oil specially prepared under the highest steam  
heat and from which all volatile and earthy matter has been expelled by a  
process which leaves a pure and heavy oil, which prevents the eating away  
of bolts and keeps the cylinder and piston packing perfectly clean. This  
was the first Mineral Oil introduced for steam cylinders and has been in con-  
stant use over eighteen years.

We also manufacture Superior Machine and Spindle Oils for all classes of machinery.

**THE LEGISLATURE.**

SIXTY-THIRD DAY.

MONDAY, Aug. 25.

AFTERNOON SESSION.

The House resumed at 1:40.

Noble Widemann stated that he  
had listened with patience to the  
arguments advanced, but was not  
convinced. It was enough for the  
Ministers to give the offices. It  
should be ours to fix the salaries.

If the arguments are correct we had  
better pass our Appropriation Bill  
as follows: Be it resolved that \$4,-  
500,000 be appropriated for the  
uses of this Government to be dis-  
bursed as the Minister of Finance  
sees fit.

Rep. Waipulani agreed with Noble Widemann.

Noble Burchardt considered that  
while the salaries in Honolulu might  
be fixed by statute, some latitude  
should be given the Minister or the  
Board in dealing with the country  
districts. He had given reasons to  
the committee for raising the salary  
of a physician in his district. There  
ought to be a fund from which the  
Board could draw for cases of emer-  
gency.

Rep. Rickard favored the increase  
of the amount asked for in the bill.  
A great deal had been said about  
the kind of service given by physi-  
cians in districts throughout the  
islands. It was impossible to ex-  
pect the services required for the  
salaries recommended. From \$500  
to \$800 a year was not enough for  
anyone worthy the name of a physi-  
cian. A doctor who had a range  
of from five to fifty miles required to  
keep four or five horses, and it  
would take the whole salary in some  
cases to feed the horses. He moved  
to increase the item to \$45,000.

Noble McCarthy was afraid the  
hon. member from Hamakua was  
running away with the idea that  
these amounts were salaries the  
same as those paid to other Govern-  
ment officials. These items were  
rather in the nature of subsidies to  
induce doctors to stay in those dis-  
tricts. (Noble Isenberg—That's  
right.) The speaker was in favor  
of voting for an item to a doctor on  
Molokai, but \$3000 for the two  
years was more than any doctor, ex-  
cept one in Kona, was receiving.  
He would move that \$2400 be added  
for a doctor there, making the en-  
tire appropriation \$42,400.

Rep. Rickard was aware of the  
nature of the items. He did not  
suppose a doctor could exist on \$50  
a month, but the subsidies in some  
cases were too small for the services  
required. Therefore he still ad-  
hered to his motion for an increase.

Noble Widemann said the hon.  
member from Hamakua left entirely  
out of the question the fact that  
some of these positions were sought  
for with great eagerness, and in  
such cases it would be absurd to  
raise the pay. Once he engaged a  
doctor, who came here as physician  
on a steamer, for his plantation,  
giving him \$600 and the Govern-  
ment \$600 more. This doctor was  
given a house and made comfort-  
able, but he left for a little more  
pay to settle at Waialua. A man  
had been shot at Waialua and there  
was no doctor to look after him, and  
it was argued that there should be  
a doctor at Waialua in case some-  
body else might be shot. Then he  
hired another doctor, paying him as  
much as the two salaries paid his  
predecessor, but before long he  
found that this doctor was also un-  
der the Board of Health. Some-  
thing ought to be done to prevent  
the President of the Board hiring his  
son-in-law and paying him what-  
ever he pleased out of the public treas-  
ury. He would move that the recom-  
mendations of the committee be  
adopted, with the additions moved  
by Noble McCarthy and Rep. Rick-  
ard, or \$44,400 altogether.

Minister Peterson claimed that the  
emergency fund would not meet the  
cases for which it was intended. No  
matter how great the extra service  
performed, according to the deci-  
sion of the Supreme Court no money  
could be drawn out of that fund for  
any district receiving a specific ap-  
propriation. And if the amount  
voted to any district was not suffi-  
cient to induce a physician to settle  
there, the Board would be helpless  
to fill a vacancy however important  
it was for the district to have a  
doctor.

Noble Widemann asked if the  
same principle would govern all the  
departments of government.

Minister Peterson replied that all  
might not be so vital as this service.

Rep. R. W. Wilcox was in favor  
of having the salaries voted separ-  
ately as proposed by Noble Wide-  
mann. He did not know whether  
these doctors did any good. The  
death rate had increased with the  
increase of doctors in the country,  
just as lawsuits increased in a com-  
munity with the increase of lawyers.

In many cases disease was spread  
by these doctors using impure vac-  
cine matter. The Attorney-General  
had shamelessly sent policemen to  
Molokai to fight the people instead  
of going there to conciliate them.

Rep. Kaui spoke at length on the  
inefficiency of doctors.

Passed at \$44,400, with commit-  
tee's recommendations.

Rep. Kalua moved that the re-  
maining recommendations of the  
committee be recommended to the  
House for adoption.

Noble J. M. Horner protested  
against the proposal to put a layman  
at the head of the Board of Health.

It would be as wise to put a layman  
into the Attorney-General's office.  
Noble Widemann raised the point  
of order that this question was not  
before the committee of the whole.

Rep. Kalua replied that the whole  
report was laid on the table to be  
considered with the Appropriation  
Bill.

President Walker (from his No-  
ble's seat) considered the whole dis-  
cussion out of order. The matter  
was one for discussion in the House,  
as the committee of the whole was  
only sitting on the Appropriation  
Bill.

Noble Muller moved the commit-  
tee rise and report progress, saying  
his intention was to move the next  
order of the day, the railway bill.

Rep. Paehole appealed to the  
Secretary's record.

The Chair ruled the discussion out  
of order.

The committee rose and Noble  
Phillips presented the report, which  
was adopted.

The House adjourned at 3  
o'clock.
